BRIEF ABSTRACT OF LETTER.

Requests that the pension of £200 per annum & whim as per his Contract with Govt may be arranged to be paid whim through Messrs Coutts and Co, London.

NOTES AND ORDERS.

In G.O. no Q-4723 R-7-12-02 dy 30-6-03, Continuing the services of Dr Lehmann for a further period of five years, it was ordered that he should thereafter get a pension of £200 a year in case he is not taken on the permanent establishment of the State.

Serial No.

Recently it was ordered in G.O. no. R.6540-1 Agri 170-06-2 dt 4.08 that the appe services should not be renewed after the termination of the period referred to, and that from and after the 20th Decr '08 he will be entitled to the pension of £200 per annum sanctioned vhim in the G.O. order quoted in the previous page.

Dr Lehmann accordingly requests that the pension may be arranged vhe paid vhim through Messrs Cutts and Co. London. He also requests that the rules he has to observe in receiving before payment may be made as few and simple as possible, as he is not living in England.

The payment of the pension in England seems to have been a term of the contract with the officer, though neither of the G.Os referred to above make any mention of the same. Attention is invited to para 1 of the Dewan's note dt 2-4-03 in fortn 2-02. Also, having entered the Mysore service before the 21st Nov 1905, he is entitled to have his pension paid at 1sh 9d the rupee vide G.O. no. FE 7543-4 SSA 21-06-6 dt 20.4.07.

Submitted for orders.

A draft requesting the Complr to authorise payment of the pension of £200 per annum abroad sometimes may be postponed. The pension for the year is fixed but it may be inconvenient for Dr Lehmann if he is paid his pension once a year. Perhaps quarterly payments may be authorised and it may be easier for Dr. Lehmann to send life certificates once a quarter instead of every month. As regards his request for simplifying the rules for payment of pensions it is not clear what simplification he asks for. The most important point in the case of an officer who does not personally present himself to receive payment of his pension is the production of a life certificate given by some well known and trust-worthy person. Dr Lehmann may arrange to submit such certificates after the close of each quarter & claim payment from Messrs Coutts & Co.

Dr Lehmanns pension having been fixed in Sterling, there is no occasion for the application of the order of 20-4-09. That order applies only to cases of Conversion into Sterling of pensions fixed in Silver.

It will be better to add a paragraph to the following effect:-

The pension will be paid in quarterly instalments. On the last day of each quarter Dr Lehman will post to messrs Coutts a receipt signed by him or a life certificate signed by some respectable person known to messrs Coutts & Co; and immediately on receipt of this the pension for the quarter will be remitted to Dr Lehman in such manner as may be desired by him on Dr Lehman's responsibility. If messrs Coutts and Dr Lehman can arrange for such payts through any American agents of theirs without extra commission being charged to Govt, the Govt have no objection

	Issue mch 2-9 To the Comptroller 24 no 7c 3990 d. S. 3.09 Requests him to authorise payment W. Dr Lehmann of the pension of £200 per with instructions as in the accompanying note

When in London I called upon Messrs Coutts & Co and was told that the rules laid down for the payment of pensions through them were not quite uniform. As I am now living in England and would on that account find it more difficult to carry out most of the rules connected with the payment of pensions in England, I should be grateful to you, the Financial Secretary and the Government if these rules could be made as few and as simple as possible.

If I should have written to the Financial Secretary instead of to you on this subject I request you to kindly forward this letter to him. I am sorry that, not having my files with me, I am unable to give the numbers and dates of the Gov. Orders referred to above. but hope you will pardon this.

Dear Sir

According to the terms of my second contract with the Govt made a little over five years ago, I am entitled to a pension of £200 a year in case my services are not continued by the State after that contract expires, and in the Govt Order abolishing my appointment on Dec 31st 1908 (when my contract expired) the payment of this pension was provided for. The contract states that the pension is to be paid in London.

I should be grateful if you would ask the Government to authorise their bankers in London to forward the amount of this pension to me as it falls due. For the present my address will be:-

Dr A Dekmann
Agricultural Experiment Station
Wooster, Ohio
U.S. America.

Of course I shall notify them whenever I change my address.

Yours
